

# What is Farm to Early Care and Education (ECE)?

Farm to ECE is an initiative to increase access to fresh, local foods for young children by bringing:

## How can I support farmers and child care providers?

**Buy local!** Support your local farmers and producers.

**Show your support to early childhood educators.** They play a large role in the wellness of young children!

**Ask questions.** See if your child's school/child care program purchases local foods.

**Start a garden!** No matter how big or small, gardening can be fun experience for children and adults.
